

CL755 TECHNICAL DATA SHEET

PENETRATING COIL CLEANER

PRODUCT DESCRIPTION:

Penetrating Coil Cleaner features a delayed foaming action to allow the non-acid, non-chlorinated package to attack dirt, grime, soil, deposits, and contaminants from evaporators and condenser coils. Jet force tip propels the foam to its intended target, including hard to reach places. The dual quat foaming action expands and flushes contaminants out of coils and deodorizes drain pans. Fresh citrus scent. No rinse necessary. Cleans, deodorizes, decreases energy costs, and prolongs life of equipment.

AREAS OF USE:

For use on window and roof-top HVAC units as well as auto radiators, small air-cooled equipment, metal filters, fan blades and more.
