

GERM AWAY

FOAMING GERMICIDAL CLEANER II

DESCRIPTION

GERM AWAY is designed for general cleaning and disinfecting. When used as directed, this product is formulated to disinfect inanimate hard surfaces. In addition, this product deodorizes those areas which are hard to keep fresh smelling. This product demonstrates effective disinfection against staphylococcus aureus, salmonella enterica and pseudomonas aeruginosa, thus meeting requirements for hospital use. Efficacy tests have demonstrated that this product is an effective one-step cleaner-disinfectant in the presence of organic soil (5% blood serum). This broad spectrum germicide is an excellent convenience product for a variety of cleaning tasks.

APPLICATIONS

Formulated for use in hospitals, nursing homes, schools, hotels/motels, office buildings, child care centers, food establishments and many other areas. Cleans and disinfects walls, sink tops, bathtubs, shower stalls, floors, toilets, and other inanimate hard surfaces.

FEATURES & BENEFITS

- Ready-to-use. Provides convenience to the end user with a one-step formulation. Quart size containers enable compliance with OSHA end use labeling requirements.
- Powerful foaming action extends "hang time", making it convenient for use on vertical surfaces. Clinging foam allows prolonged contact time on any surface.
- One-step deodorizing and disinfection action saves time. Leaves pleasant floral fragrance.

LABEL INFORMATION

GERM AWAY FOAMING GERMICIDAL CLEANER II

This product is designed for general household cleaning and disinfecting in Homes, Nursing Homes, Hospitals, Institutions, Offices, Schools, Motels and Hotels. When used as directed this product is formulated to disinfect inanimate hard surfaces (such as walls, sink tops, tables, chairs, telephones, door knobs, light switches, shower stalls, hampers, cabinets and bed springs). In addition, this product deodorizes those areas which generally are hard to keep fresh smelling such as garbage storage areas, empty garbage bins and cans, basements, and other areas which are prone to odors caused by microorganisms. When used as directed, this product demonstrates effective disinfection against Staphylococcus aureus, Salmonella enterica and Pseudomonas aeruginosa, thus meeting requirements for hospital use. Efficacy tests have demonstrated that this product is an effective one-step cleaner-disinfectant in the presence of organic soil (5% blood Serum). This product is fungicidal against Pathogenic fungi (T.mentagrophytes) when used as directed on hard surfaces found in bathroom, shower stall and locker room or other clean hard non-porous surfaces commonly contacted by feet.

MOLD and MILDEWSTAT: This product inhibits mold and mildew and the odors they cause on hard non-porous inanimate surfaces.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. This product has been designed specifically for Household and Institutional cleaning and disinfecting in Homes, Nursing Homes, Hospitals, Offices, Schools, Motels and Hotels. This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact

with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection. Surfaces which come into contact with food must be rinsed with potable water after disinfection. Do not use this product to disinfect appliances, refrigerator interiors, microwave oven interiors. Do not use this product to disinfect clean dishes, glassware or eating utensils.

DISINFECTION, CLEANING and DEODORIZING: To disinfect, clean and deodorize hard non-porous surfaces such as bathroom tiles, fixtures, shower stalls, walls, sinks and bathtubs, proceed as indicated. (1) Hold container six to eight inches from surface to be treated. (2) Spray area until it is covered with the solution. Allow the product to penetrate and remain wet for 10 minutes. No scrubbing necessary. (3) Wipe off with a clean cloth, mop or sponge. The product will not leave grit or soap scum. For heavily soiled areas, remove gross soil before treatment.

MILDEWSTAT: To control mold and mildew on hard non-porous surfaces (such as floors, walls, table tops), spray the surface to be treated, making sure to wet completely. Let air dry. Repeat application at weekly intervals or when mildew growth reappears.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

WARNING: Causes substantial but temporary eye injury and skin irritation. Wear protective eyewear (goggles, face shield, or safety glasses). Do not get in eyes, on skin, or on clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

FIRST AID

If In Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If Swallowed: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

STORAGE AND DISPOSAL

(Household/Residential Use) Storage: Store in a cool, dry area inaccessible to children. Do not transport or store below 32°F (0°C). If

freezing occurs, allow product to thaw and shake well before using. Freezing does not adversely affect performance. **Container Disposal:** Nonrefillable container. **If empty:** Do not reuse or refill this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

(Commercial, Institutional, Industrial Use) Do not contaminate water, food or feed by storage or disposal. **Pesticide Storage:** Open dumping is prohibited. Store in original container in areas inaccessible to children. **Pesticide Disposal:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. **Container Disposal:** Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

CONTAINS (CAS#): Water (7732-18-5), 2 (2-Butoxy ethoxy) Ethanol (112-34-5), Cocamidopropyl betaine (61789-40-0), EDTA tetrasodium salt (64-02-8).
